EuroCIS

THE LEADING TRADE FAIR FOR
RETAIL TECHNOLOGY **16 – 18 FEB 2027**
DÜSSELDORF, GERMANY
eurocis.com

CYBER SECURITY HUB

TRUSTED

RELIABLE CYBERSECURITY

Cyberattacks are becoming increasingly frequent and increasingly dangerous. For retail companies, they pose an existential threat, as they can significantly compromise the integrity and availability of data and systems, thereby causing financial losses and damage to their reputation.

Help retail companies protect their own infrastructure as well as customer and supplier data—with efficient emergency response mechanisms. After all, it's not just about money—it's about trust.

ARE YOU IN?

LEADING.

EUROCIS 2027: YOUR PLACE TO BE

EuroCIS is the leading trade fair for technology in the retail sector. It is your gateway to the internationalretail community. Here you can establish directcontact with potential customers and partners from the retail sector and with retail tech providers.

Nearly half of the 14.471* visitors are top-level executives. A good 80%* make investment decisions or play a key role in decision-making!

EuroCIS is the marketplace for innovation. Present your solutions and technologies in the field of cybersecurity, strengthen your market presence, and position yourself as an innovation leader. Benefit from direct interaction with the professional audience and other exhibitors – for valuable feedback and useful insights into market needs and trends.
